Upgrading from an older release to Release 9.0

Upgrades from Release 8.0 and 8.1 to 9.0 are supported.

A system earlier than Release 8.0 must upgrade to Release 8.0 before upgrading to Release 9.0.

A Release earlier than 8.0 can be upgraded to Release 8.0 first, then to Release 9.0.

Note: No interim licenses are required for the upgrade other than Release 9.0 upgrade license.
