

**Using this Short Code, you can dial 6 and then Page.**

The screenshot shows a 'Short Code' configuration window with a dark blue header bar containing the text '6: Dial'. The window has a tabbed interface with 'Short Code' selected. The form contains the following fields and callouts:

- Code:** A text box containing the value '6'. A callout box above it says: "Use any unused code you want..."
- Feature:** A dropdown menu showing 'Dial'. A callout box points to it with the text: "Set to Dial..."
- Telephone Number:** An empty text box. A callout box points to it with the text: "Leave blank..."
- Line Group Id:** A dropdown menu showing '114'. A callout box below it says: "Set to the Outgoing Line Group Of your CO 15"
- Locale:** A dropdown menu that is currently empty.
- Force Account Code:** A checkbox that is unchecked.
