How to Pick Up Your VM Messages From Any Phone

Telquest Tech Support

Create a new Short Code like this:

Code	#XXX
Feature	Voicemail Collect
Telephone Number	?N
Line Group Id	0
Locale	

XXX = the number of digits
for the MailBox.

This example has 3 digits

Operation:

Just dial # (POUND) followed by your Mailbox number.

You must have a password assigned to your Mailbox or this will not work.
