Avaya IP Office Essential Edition
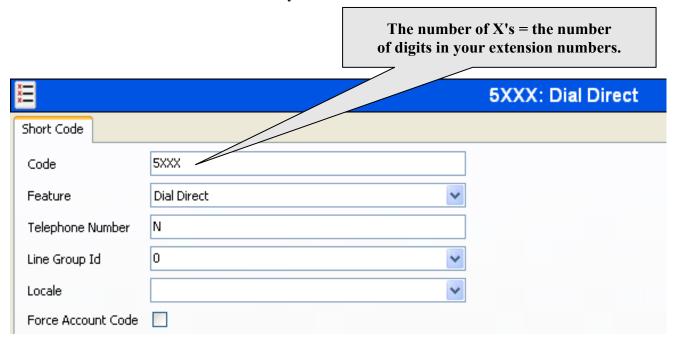

Dial Hands Free Answer Intercom Call (HFAI)

Telquest Tech Support

If you want to activate the CALLED extensions Hands Free Answer feature.

Create the following Short Code.

You can use a different number than 5 if you want to.

> The number of X's = the number of digits in your extension numbers.

To make a call that will be Hands Free Answer, just dial 5 plus the extension number.

Examples:

Dialing 5213 will activate the Hands Free Answer Back feature on extension 213.

Dialing 213 will ring extension 213.
