

## Panasonic NS-700 KSU Version 7 & Higher KX-NT680 - Create Image for Standby Screen Telquest Tech Support

V7 Updates	1 – KX-NT680/630	NS Series
------------	------------------	-----------

  

### Creating image for stand-by screen

- 1) Make a document by MS Power Point or Excel for example.
- 2) Copy it by [Alt] + [Print Screen].  
Paste it to MS Paint.
- 3) Cut it to 16:9 roughly and save it as PNG file.  
(JPEG / PNG / BMP / GIF Max size : 1MB)  
File name can be contain "0-9 A-Z a-z # % - .  
=" (space not accepted) Max. 32 characters.
- 4) Transfer the PNG file to PBX same like firmware upload.  
=> PBX saves it as "PNTPICT" file.
- 5) Transfer it from PBX to KX-NT680 as a firmware update.  
=> Picture is adjusted to 16:9 automatically.
