

Panasonic KX-NS700 / NS1000

Cell Phone as Remote Extension (Mobile Twinning)

Telquest Tech Support

This Requires SIP or PRI Service and a License

You can have calls to your extension sent simultaneously to your cell phone.

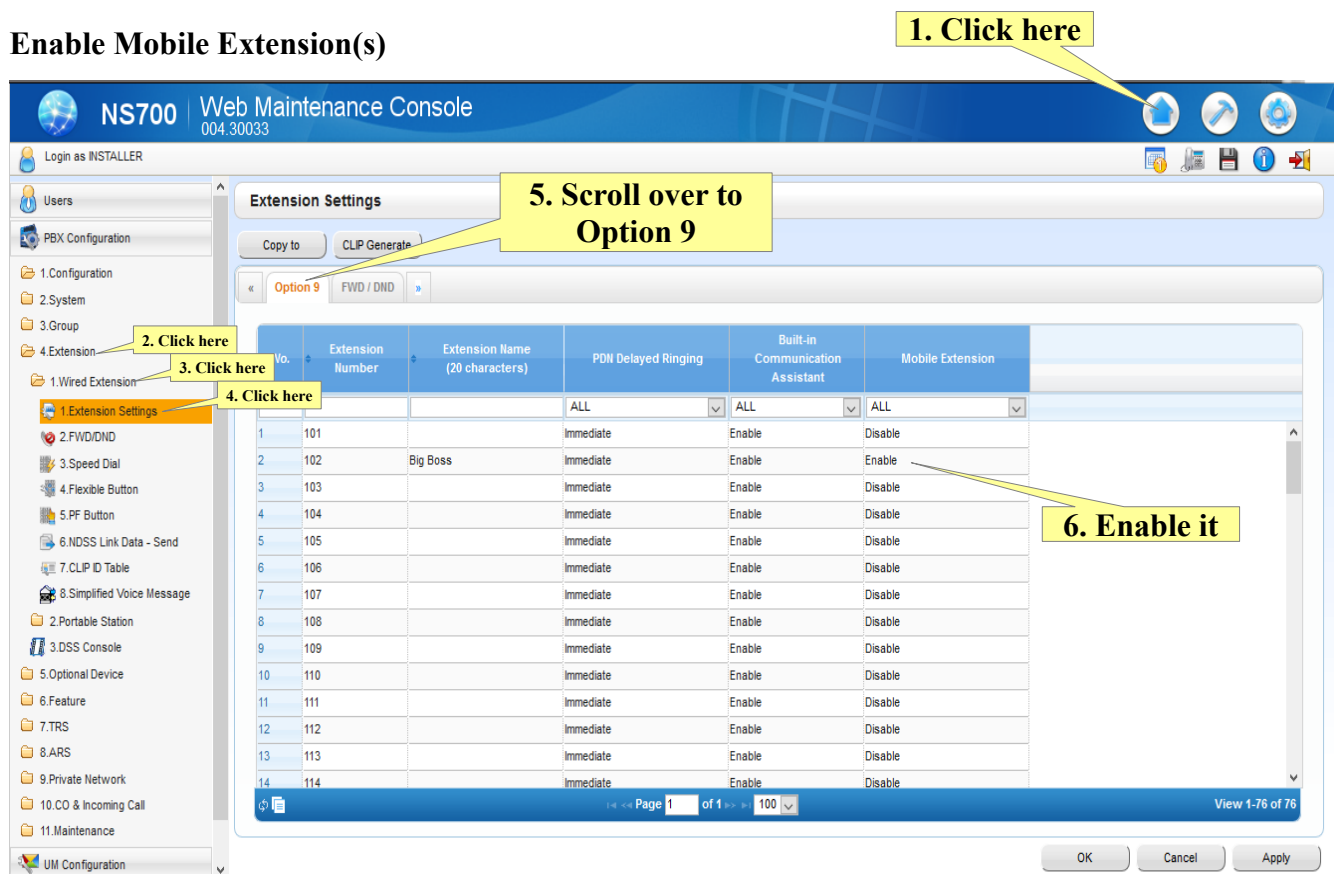

They can both ring at the same time.

DSS/BLF's on other phones will light when cell phone is on the call.

The call is forwarded to your cell phone using another Channel on your SIP or PRI Telephone Service. If a call was Transferred to your office extension, then you will be able to Transfer it back to another office extension from your cell phone.

That is calls Transferred by another office extension or Voice Mail System.

Enable Mobile Extension(s)

1. Click here

2. Click here

3. Click here

4. Click here

5. Scroll over to Option 9

6. Enable it

	Vo.	Extension Number	Extension Name (20 characters)	PDD Delayed Ringing	Built-in Communication Assistant	Mobile Extension
1		101		ALL	ALL	ALL
2		102	Big Boss	Immediate	Enable	Enable
3		103		Immediate	Enable	Disable
4		104		Immediate	Enable	Disable
5		105		Immediate	Enable	Disable
6		106		Immediate	Enable	Disable
7		107		Immediate	Enable	Disable
8		108		Immediate	Enable	Disable
9		109		Immediate	Enable	Disable
10		110		Immediate	Enable	Disable
11		111		Immediate	Enable	Disable
12		112		Immediate	Enable	Disable
13		113		Immediate	Enable	Disable
14		114		Immediate	Enable	Disable

Licenses Available: You MUST have at least KX-NSE101 for the feature to work.

Cellular Phone Extension – User License	Mobile Extension	1 ch	KX-NSE101
		5 ch	KX-NSE105
		10 ch	KX-NSE110
		20 ch	KX-NSE120

Set FWD No Answer Time and Keep Ring After FWD NA to CO

This determines how long the office extension rings until the caller is Forwarded to the cell phone. It also determines if the office extension will continue to ring once the caller is Forwarded.

We are still on the same page:

1. Click here

2. 1 Second suggested

3. Enable it

No.	Extension Number	Extension Name (20 characters)	Code for Extension	FWD Destination for Call from Extension	FWD No Answer Time (s)	Keep ring after FWD NA to CO	Remote FWD COS
1	101				15	Disable	Disable
2	102	Big Boss			1	Enable	Disable
3	103				15	Disable	Disable
4	104				15	Disable	Disable
5	105				15	Disable	Disable
6	106				15	Disable	Disable
7	107				15	Disable	Disable
8	108				15	Disable	Disable
9	109				15	Disable	Disable
10	110				15	Disable	Disable
11	111				15	Disable	Disable
12	112				15	Disable	Disable
13	113				15	Disable	Disable
14	114				15	Disable	Disable

Using the above settings, the caller will be Forwarded after 1 second of ringing the office extension.

Also, the office extension will continue to ring while the caller is Forwarded.

You can change these to suite your needs.

Operation:

To set/change the Call Forwarding Destination:

Press the Intercom Button on your office extension

Dial *71 0 4 9 YourCellPhoneNumber #

Example:

Your cell phone is 12125551212

So you press the Intercom Button and dial *7104912125551212#

You will hear a long beep confirmation tone

Your FWD/DND button may flash or light steady red

Press the Speakerphone Button

To turn off Call Forwarding:

Press the Intercom Button

Dial *7100

You will hear a long beep confirmation tone

Your FWD/DND button will turn off

To Transfer a call from your cell phone to another office extension:

Press the # (POUND) key on your cell phone and dial the extension you want to Transfer the call to.

You can then hang up (Unsupervised Transfer) or wait for the extension to answer (Supervised Transfer) so that you can announce the Transfer.

If the extension will accept the call, hang up and the Transfer is completed.

Note: Incoming Call Distribution Group calls will not be Transferred.
