

**Panasonic NS-700 KSU**  
**Panasonic NTV150 & 1600 Door phone**  
**3<sup>rd</sup> Party Door Release Relay Information**  
**Telquest Tech Support**

**Here is a schematic of the relay interface using the parts on Page 2**

**The NTV Door Box sends out a GROUND when you tell it to operate the relay.**

**Contacts a, b and c on the Relay Board can be used to operate an external device.**

**An external device like a Gate Controller, a Door Release circuit or any other device that requires a contact closure or contact opening.**

**The relay board and power supply that will work with the Door Phone are available from MPJA.com**

**The relay board has 2 relays but it also has the correct logic (Ground to operate a relay) that works with the door phone.**
