# Panasonic NS-700
# Send Mailbox Message Notification to a Cell Phone
# Telquest Tech Support

**When a new message arrives in your mailbox:**
**This will call your cell phone (or any other number) and request your Mailbox Password.**
**It will then allow you to listen to your messages.**

**I will be using Extension/Mailbox 101 in this example.**

**Telephone Device**

**1. Set to Yes...**

Device Notification for Unreceived Message — Yes

**Device**
